No to oligarchies! The people of Yonkers have already named their opposition to extending term limits and violating the people's right to select their representation.

This is a disgrace and abuse of power. Democracy no longer rules in the city of Yonkers. Term limits exist for a reason

7 people should not be allowed to decide for 200,000 residents! As the 3rd largest city in NYs, we should serve as an exemplar example of how an effective government should function. This is a total embarrassment!

I am opposed to extending term limits.

The change in term limits is a big change that needs input from all of Yonkers voters.

I see no good reason to extend the limit from 12-16 years. Although much better governed than in the past, Yonkers does have a legacy of municipal corruption and keeping the status quo at 3 terms can only help guard against that.

Don't forsake the will of the constituents whom elected you, and whose interests we hope you'll uphold.

Yonkers officials need to be limited for how many times they can be reelected. The people currently in power do not have the well-being of the poor in mind and people who do need to be given a better opportunity to have a platform and actually compete against these incumbents that do absolutely nothing of benefit to the poor community of Yonkers.

3 terms is enough for one person to serve.

This attempted change (once again) should be brought to the citizens of Yonkers, not just the council. This is Anarchy!

When asked to vote Yonkers residents voted against extending term limits. This is in violation of a democratic process

That's enough terms for anyone. It's anti-democratic.

I believe the voters of Yonkers have spoken on term limits in very certain terms. It is time for the elected officials to honor the WILL OF THE PEOPLE! Furthermore some elected folks have publicly supported that decision of the people.

The extension of term limits done 4 years was rushed through in an anti-democratic way that was offensive to the rights of the citizens of Yonkers. To attempt to do this again to add another 4 years is unconscionable and frankly bizarre. If this question is to be raised, it must be put forth to a referendum by the citizens of our city.

This entire matter is a disgrace and serves to undermine free speech and now ideas that would help to help folks rise out of their stagnant neighborhoods. HELL NO! Our current Elected Officials are feeble and to be broken down to seek employment elsewhere. With the exception of a few individuals, Yonkers has become an autocracy filled with "Friends and Family" who serve as "Sycophants" for the Mayor-HELL NO! Our current Elected Officials are feeble and to be broken down to seek employment

We must respect term limits and precedent to affirm the Democratic values this nation was founded on, to not do so is an abuse of power and promotes tyranny and aligns with the extension of the far-right.

We need term limits not the extension of them!

When it comes to executive office such as the mayor, there should always be term limits. These offices have an ability to consolidate power and establish a public presence that is far greater than other political seats. There must be term limits to keep them in check - leaders should be public servants not kings.

Enough is enough.

I support the assertion that it will be very anti-democratic to carryout the amendment without community participation. It stands to reason that the issue be resolved through a referendum at the next election to ensure transparency and unanimity.

No extensions without citizen input.

Abuse of authority

The people voted for term limits - twice!

Do not extend term limits

This request should be put to another referendum as has been done in the past.

As a resident of the great city of Yonkers it is imperative that we operate from a place of trust and transparency. This fact that the Council is once again, pushing to rush this extension of term limits is very disturbing. Term limits ensures equity and allows for different ideas to be shared on how we can make things better for a community. Instead of suppressing the freedom to have a choice, please support TERM LIMITS. This is supposed to be a democracy not a monarchy

We, the Yonkers community of voters, deserve the opportunity to choose our leaders

Voters rejected a third term and you all went ahead and passed it anyway! And now - a fourth? If you do this, I will not be voting for any who vote for it! Please do not make Yonkers resemble a dictatorship!

Please let us choose!

I opposed the proposed revision to the city's charter and any extension of term limits. I'd like to see an amendment that REDUCES the limits BACK to two (2) four-year terms and NOT increase.

This is corruption. Nothing more, nothing less.

No to term limit increase. We are not a communist county.

Accountability. Terms are in place for a certain period of time for a reason. I

Please affirm that you are

opposed to extending council members to stay in office for four terms. The matter should be brought to the attention of the voters in a referendum in the next election and not decided unilaterally.

Yonkers NEEDS REAL change, consistent change and that happens when the old ways and the people who have BEEN in power, allow for others and newcomers to shine on our city. We need electives that continuously care.

Term limits need to be kept at 3 or diminished. Right is right and wrong is wrong. Leadership is becoming corrupt.

I oppose and extension to term limits.

There should be a public hearing before a vote to extend term limits.

The mayor Spano has served his terms and extended it once. He needs to leave and let Yonkers residents elect a new mayor. It is incomprehensible that he is trying to extend his term limits again!

There need to be term limits because then a politician becomes a dictator and they can't be held accountable. I do not agree that the term limit should be extended again especially not in the manner it is being done without any community outreach.

Not democratic and will further nepotism

The law was voted twice by the residents of Yonkers.

WE THE PEOPLE VOTED FOR TERM LIMITS. HONOR OUR VOTING!

NO to extending term limits. NO to backroom deals!

I OPOSE the legislation to extend term limits. It subverts the democratic voting process.

I have been personally affected by the corruption from the spano administration

Change is good! Maybe a Lady Mayor would be great for Yonkers

Volers want term limits.

four consecutive terms is ridiculous, anti-democratic, and absolutely looks like (and IS) an attempt to shore up power in our city for no reason other than hubris and greed. PLEASE do not let this happen

Our officials are elected and decisions for an extension of term needs to be a democratic process from the people of Yonkers.

It is undemocratic to do this without a proper referendum.

twice before the citizens of Yonkers have voted FOR term limits. It was wrong to repeal them without submitting it as a ballot question four years ago and it's still wrong. It is blatant self dealing and is morally and ethically wrong. Listen to the people.

We need to broaden the opportunities for Yonkers residents participation in our democratic legislative and governing functions. Expanding terms limits does not accomplish this.

As a former City of Yonkers official, and long time Yonkers resident, I know that the residents of our City overwhelmingly support term limits. There are incumbents who have been in office way too long and are too set in their ways. No extension of term limits. Only authoritarians believe that government only works when they're in control. My respect for and support of Mayor Spano have deteriorated seeing what he is trying to do.

This is outrageous! The city council has a vested interest in this decision so they should defer to the people for such a change.

This anti-democratic power grab is shameful. It's embarrassing that the third largest city in New York state is so obviously ruled like a mob of gangsters, where those in power do what they want to help themselves and their friends and every other citizen is just disregarded. If this is an agenda presumably public has right to speak at committee of whole.

Legal niente as 8 Años el esta sobre pasando eslo no es Legal. No no no...as momento do darle el lugar a otro miembro

The residents of yonkers should make the decision on City Council term limit

I feel that we should be able to vote on this. This should not be voted on by the council who this affects

Please do not take advantage of us, the voters. Let us vote directly on this issue. I totally concur with the opinions expressed above! It is anti-democratic and antithetical to the wishes of the citizens of Yonkers. Do NOT pass this resolution. It is shameful! NO to the reelection multiple times of any Mayor in Yonkers without consulting the people, AVOID CORRUPTION FROM ANYBODY

I oppose extending the term limits for officials elected to local government.

I oppose legislation to change term limit

Power corrupts Term limits ensure democracy

This should apply to big government also

We need to have fresh Democratic representation in the Mayors position, not a Republican who is playing the part of a Democrat.

The voters in the 1890s voted not once but twice for term limits so this shouldn't be coming up at all the people have spoken years ago

			We need democracy to be held as is	220 Yonkers Ave, Apt 18L

City government should be ashamed for this conspicuous corruption and lack of transparency. As the 3rd biggest city in NY you'd think voters would get to decide whether or not they deem their elected officials worthy of a term-extension — apparently not. Absolutely unacceptable.

I believe in term limits

Term limits should be decided by the people, not by the politicians who would benefit from them!

Vote NO to extend term limits!!

Mike Spiano gotta GO

We applaud the good work that has been done by the mayor but term limits are there for a reason and we do NOT believe it is beneficial to anyone to have 4th term 16 years in office. Give someone else a chance.

This should have been done democratically by putting it up for a vote by the taxpayers of Yonkers.

Extending term limits is an anti-democratic move

This is a decision should be decided by Yonkers residents.

The electorate should have a say in term limits. Their voices should be heard and it should have been on the ballot for us to vote on, not pass through with the cover of darkness.

This should be voted on by the people not the corrupt city council

Yonkers Residents should be able to vote and decide on term limits

Time for Change

Tired of this dictatorship, I've literally have been applying and paying to take exams in Yonkers for the last 10 years and I never get any calls in return. It has drained all motivation and hope for me to finally be able to serve my city that I've lived in my whole life. At this point it has taken a toll on my mental health. Living next to DPW for the last 10 years I have seen all the employees that walk in and out of that building. When I see a kid who looks fresh out of high school getting a job at DPW it is depressing. When you find out that everything runs on a "pay to play" system it is truly demoralizing. Makes me feel like I've wasted the last 10 years of my life trying to serve my city in any way shape or form.

Term limits have already been extended once and to do it again would greatly hinder the democratic process as well as the voice of the people. A legislator who spends a long time in office is more likely to make policy decisions based on outdated data and knowledge. Term limits increase the likelihood that new legislators will arrive with updated perspectives and are therefore essential to ensure our city continues to progress forward. In addition, some studies have shown that term limits increase voter turnout which ensure more citizens are involved in the democratic process and are making their desires for their city heard. This is likely because term limits increase the number of competitive elections, giving voters more newcomers to consider. While the current leaders may have done good work for our city, this is a democratic society and if they truly cared about what is best for their citizens, they would step aside to allow for new growth possibilities. Leaders do not need to stay in office to continue to work for our city. There are plenty of other ways to continue to contribute if that is truly their desire. It is ego and not democracy that drives people to believe that they are the only ones who can do the jobs and lead us to a brighter future. Term limits allow more more people to serve. Candidates that have a term that is ending can run for another position.

When does it stop? Maybe when Mike Spano declares himself King of Yonkers for life?

do not extend term limits]

Term limits have already been changed once from 8 years to 12 years for this mayor. At this rate he will be the mayor of Yonkers in popularity. This is unconstitutional and corrupt. This City Council and Mayor's office need to be put in check. You know, like checks and balances. They made it a sanctuary city. They are soft on crime and a school system that doesn't teach but indoctrinates. With cct and transgender pronouns damaging our children emotionally and physiologically

We like to apply one term like the construction apply on Democracy is part of the term and constitutional rights

We like to have a Democracy by allowing us to be in office for the term required. No more Dictatorship government. Four years is enough.

Is time to apply the construction without amendment of any more terms. This is a Democratic country a country with freedom. We need our voices to be heard. Is enough. Mike Spano needs to leave office.

2 terms is enough!

Term limit increase should go to a public vote by the people

We need more jobs and Spano needs to step down. Is not a Democracy. We are living in a Dictatorship government, which is not inherited wealth.

Spano needs to go

We need change

I do not want an extension of time limits it should be to terms and done

This is another political ploy b used by the Spanish Family

Democracy. There should be term limits for all politicians. Mike Khador was forced out of city council and the new city council president was placed in to be a yes person for Mayor Spano it is just so far from democracy. The people of yonkers deserve a voice not a monarchy

Let the people decide about term limits via the ballot box.

It is time that the rules were changed so that this type of decision is required to be approved by a majority of residents/registered voters.
